

Iron Horse

Fire Proofing - Plaster

The Iron Horse plaster pump is a J. Glover Exclusive. Equipped with an Iron Horse plaster pump, the Iron Horse can pump plaster, pool finish, pebble, and fireproofing with ease. Unlike its competitors, the J. Glover Iron Horse is mounted on a torque-flex axle. For an incredibly smooth ride and the best longevity in the industry. This innovative suspension system makes for ease of transportation to and from the job sites day after day, while still maintaining its low-slung profile. In addition, the Iron Horse comes with a proprietary shaker box screen for faster, contaminate free mixing & pumping. The Iron Horse is strong, reliable, durable, and a great value.
