

Iron Horse

Fire Proofing - Plaster

Show with optional Hatz diesel and quick fill water tank

The Iron Horse plaster pump is a J. Glover Exclusive. Equipped with an Iron Horse plaster pump and a 912 Powermix mixer, the Iron Horse can pump & mix plaster, pool finish, pebble, and fireproofing with ease. Unlike its competitors, the J. Glover Iron Horse is mounted on a (Spray Force) torque-flex axle trailer with electric brakes. For an incredibly smooth ride and the best longevity in the industry. This innovative suspension system makes for ease of transportation to and from the job sites day after day, while still maintaining its low-slung frame. In addition, the Iron Horse comes with a proprietary shaker box screen for faster, contaminate free mixing & pumping. The Iron Horse is strong, reliable, durable, and a great value.

Iron Horse Specifications

Iron Horse Plaster Pump

30 HP Kolher (GAS)

QTS-3 Quincy Air Compressor,
